Work Activity Description: Establishment and adjustment of Appropriate Management Levels (AML) for Herd Management Areas (HMAs)

All costs associated with the establishment or adjustment of AML for HMAs are charged to this work activity with the exception of the field monitoring or inventory and plans or plan amendments. Monitoring or inventory is charged to the work activity for monitoring HMAs, and plans are charged to the work activity for planning and analysis. Cost charged include time and supplies related to:

- Decision development including analysis
- Data entry and documentation
- Protests and appeals related to AML adjustment or establishment

Output: Herd management area with new or changed AML.	Unit of Measure: Number of HMA's where AML is established or adjusted during the fiscal year. In accordance with the 1989 Decision, 109 IBLA 112 AML's are established and adjusted according to monitoring data. The initial establishment of AML's through the planning process and activity planning is documented and the Decision signed. Each time monitoring data is compiled and it is determined that the HMA is not achieving the thriving natural ecological balance; the AML's are adjusted through a Decision. In order to report a unit accomplished documentation for the Decision must be on file.
